26.10.2021 · The Journal of Organic Chemistry considers for publication only original work that has not been previously published and is not under consideration for publication elsewhere. When submitting a manuscript, the authors should inform the editor of any prior dissemination of any portion of the content in print or electronic format, whether available openly to the public or …

Natural products discovered so far have played a vital role in improving the human health and have been the drugs of choice despite facing a tough competition from compounds derived from computational and combinatorial chemistry, due to their safety and efficacy. The most striking feature of natural products in connection to their long lasting importance in drug discovery is …

02.11.2021 · Chemistry—An Asian Journal publishes articles and reviews on all aspects of chemistry, including organic and inorganic chemistry, biochemistry, physical and analytical chemistry, as well as interdisciplinary topics such as energy storage and conversion and materials science. Chemistry—An Asian Journal is published on behalf of the Asian Chemical …

The Journal of Medicinal Chemistry is a peer-reviewed medical journal covering research in medicinal chemistry. It is published by the American Chemical Society. It was established in 1959 as the Journal of Medicinal and Pharmaceutical Chemistry …

Trends in Environmental Analytical Chemistry is devoted to publishing concise and critical overviews of the rapid changes and development in the field of environmental analytical chemistry. The acquisition of good quality chemical data in environmental systems and the sound interpretation of this data is the basis for enhancing our understanding of the environment.

Chemistry—A European Journal represents our valuable community looking to inspire and progress science with rapid authoritative research. We provide a home for exceptional multidisciplinary chemistry research from around the world. Our thorough editorial practices enable us to publish original fundamental research and topical reviews in all areas of the …

The Journal of Natural Products invites and publishes papers that make substantial and scholarly contributions to the area of natural products research. Contributions may relate to the chemistry and/or biochemistry of naturally occurring compounds or the biology of living systems from which they are obtained. Specifically, there may be articles that describe secondary …

Analytical Chemistry is a biweekly peer-reviewed scientific journal published since 1929 by the American Chemical Society. Articles address general principles of chemical measurement science and novel analytical methodologies. Topics commonly include chemical reactions and selectivity, chemometrics and data processing, electrochemistry, elemental and molecular …
